PRODUCT DETAILS  
**YELLOW STOCKS**

Predominately used within the London area, mass produced at Smead Dean Brickworks, Kent in the early 1900's, can also be found on the outskirts in smaller numbers. A Yellow Brick sometimes with a tinge of black fleck which is ash in the clay turning black when fired. Colours do vary slightly from a bright canary yellow to a darker tanny shade of yellow. Contact us [here](#) for more information.
