A4.02\_PR with A4.02\_PR\_RevB  
A4.04\_PR with A4.04\_PR\_RevB

#### **List of changes**

Thicken up structure of new extension to allow for hiding of the service pipework  
Removal of fanlight above the double door towards the back of the new extension to allow for pitched roof of the glazed extension  
Change the glazed roof from flat to pitched (raised 250mm) towards the interior of the site and away from No 29  
Reduce the width of individual glass panes for the new roof extension to 700mm to allow for better structural stability
