2017/2931/P	Roger Smith	5A Mecklenburgh Street WC1N 2AH	04/06/2017 17:19:12	OBJ	There are a number of things we wish to comment on regarding this planning application. From the drawings, it is very difficult for us to identify what will happen to the existing windows in the back addition. We would also query the Daylight and Sunlight Memo the words "are unlikely to be significantly affected" are of some concern. Also drainage of rain water from main roof and the ditto the back addition roof. We are concerned by the noise from the opened rear strip roof lights and the roof light in the back addition as we have no defined hours of the office space being open, we feel noise could have an impact on our peace and quiet.
