Dear Leela,

Thank you for your email and for clarifying the details of the application.

We pruned the trees last summer, however if the people at number 33 wish to proceed with pollarding the trees at their own expense then we would raise no objection, subject to the consent of the planning department and clear sight of the exact proposal before the works commence.

Kind regards

Jeremy

Dear Jeremy Ryder and Veronica Denton

The agent is applying on behalf of the owner/occupiers of no. 33 to carry out works to the two Plane trees in the Front Garden of no. 35, not the rear garden, as originally mentioned in the letter. I have amended this on the case file and the full documents can be viewed online under reference: [2017/2520/T](#) and they include the site plan below. To clarify, anyone may make an application for works to a tree

The proposed works are to pollard the trees, which is to prune the upper branches of the tree so that they are removed, promoting a dense head of foliage and branches, in line with a programme of works that would occur every two years. We have written to you to offer you a chance to comment on these proposals. If you would like to make a comment, please email to planning@camden.gov.uk or use the online form [here](#), quoting the reference number 2017/2520/T.

I hope this explains the proposal and offers you a chance to put your views forward.

Dear Jeremy Ryder and Veronica Denton

Thank you for your enquiry regarding the letter about works to a trees at 2017/2520/T.

I have looked at the documents for this application and there are some discrepancies with the application documents. The application form states that the site is no. 35 whereas the supporting documents state the site as no. 33. I will contact the agent and get back to you.

If you have a further enquiry, please help us deal with it efficiently by emailing to planning@camden.gov.uk
Kind regards

Dear Sir/Madam,

We received this letter recently and do not understand the proposal. We did not request anything to be done to the trees on our property. We would be grateful if you could shed some light on who submitted the proposal and what needs to be done about it.

Thank you for your attention.

Kind regards

Jeremy Ryder and Veronica Denton
