12 June 2017

Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Full Planning Permission Granted**

Address:

**Flat 1**  
**90 Bartholomew Road**  
**LONDON**  
**NW5 2AS**

Proposal:

Erection of a single storey rear infill extension and alterations to rear fenestration to ground floor flat (Class C3)

Drawing Nos: Site location plan; Block plan; E(010,030,031RevA, 03, 040); 010; 030; 031RevA; 032; 041; Design and Access Statement dated April 2017; Planning Statement.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans; Site location plan; Block plan; E(010,030,031RevA, 03, 040); 010; 030; 031RevA; 032; 041; Design and Access Statement dated April 2017; Planning Statement.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Reasons for granting permission.

The proposed extension would infill a gap between two existing extensions and would not project beyond the previously extended extension. The proposed extension would have sliding door and a flat roof. It is also proposed to enlarge the window on existing rear elevation. The rear elevations along this terrace are not uniformed, however it is considered that the extension would be subordinate to the host building and the height and width would not be out of character to the rhythm of the rear extensions.

The extension retains a useable amount of garden area to the rear. The materials

would match the existing building. Therefore, the proposed extension is considered to preserve the character and appearance of the host building and the Bartholomew Conservation Area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

The proposal would have a minimal impact to amenity. While it would be visible from the neighbouring owing to the fact its set away from the boundary and single storey, it would not harm outlook or create a sense of enclosure and there would be little impact to adjacent building at No. 88 Bartholomew Road which retains a 45 degree angle from the nearest window and a set back from the extension to the wall boundary of 1.5m.

No comments have been received prior to the determination of this application. The site's planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, policies DP24, DP25 and DP26 of the London Borough of Camden Local Development Framework Policies and policy D3 of the Kentish Town Neighbourhood Plan. The proposed development also accords with policies A1, D1 and D2 of the London Borough of Camden Local Plan Submission Draft 2016, The London Plan 2016 and the National Planning Policy Framework

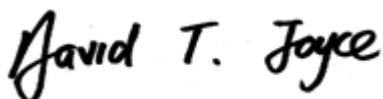

- 4 The Inspector's report on the Local Plan was published on 15 May 2017 and concludes that the plan is 'sound' subject to modifications being made to the Plan. While the determination of planning applications should continue to be made in accordance with the existing development plan until formal adoption, substantial weight may now be attached to the relevant policies of the emerging plan as a material consideration following publication of the Inspector's report, subject to any relevant recommended modifications in the Inspector's report.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

You can find advice about your rights of appeal at:
