

Clay Tile Selector

Machine Made, Handmade & Handcrafted Roof Tiles

With the widest national range of clay tiles from the UK's leading manufacturers, we're perfectly positioned to support all of your needs. We understand it's more than just the colour you need to know, so use our Clay Tile Selector to help you identify;

- Profiles
- Minimum pitch
- Coverage rate per tile
- Nail size required
- Finish: smooth, sand faced, weathered
- Alternative tile options

Our friendly, local teams are always available to advise you on the right product for the job. Visit or call one of our branches for help with stock availability, product and accessory selection, roof calculations, legislative advice or to arrange replacements.

And remember it's not just clay tiles we can supply you with, talk to us if you need; concrete tiles, fibre cement or natural slates, ventilation, dry fix systems, battens, fixings, timbers, breather membranes and accessories too.

Whatever you need for your roofing job we've got the expertise, materials and advice to help, all under one roof.

Visit your local SIG Roofing branch at one of over 130 locations nationwide or visit our www.sigroofing.co.uk to find out more.

Timber

Fully certified and approved

We have a range of quality graded roofing batten in different lengths and thicknesses that are BS5534:2014 compliant, recognised by controlling bodies, local authorities and home warranty providers such as the NHBC.

Ensuring that you have the very best material and total peace of mind, our supply partners' Premium Gold Roof Battens are underpinned by a 60-year product warranty (speak to your branch for more information).

Dry Fix Ridge Kits

Make sure you are BS5534: 2014 compliant

Available nationwide at SIG Roofing branches, the TIL-R Dry Fix Ridge Kit is a universal solution, suitable for use with most conventional ridge tiles, and can be used on hips in conjunction with hip trays.

The TIL-R Dry Fix Ridge kit is lightweight, safe and simple to install, ventilated to BS5534 requirements. The minimal number of components provide secure fixing against the weather, with easy alignment and a discreet appearance.

Ventilation

Solutions for all of your ventilation needs

SIG Roofing supply a full range of ventilation products from outlets, to slate vents, breather membranes and eaves ventilation.

We offer a range of simple and effective solutions to provide air paths into the roof space. Our ranges allow ventilation through the ridge, hips, verges and weep tiles, as well as the fascia, eaves and soffits.
