2017/2383/P	Sarah Gavron	2 Dartmouth Park Avenue	08/06/2017 13:31:02	COMMNT	<p>I have lived in Dartmouth Park for many years and am very fond of Grove End House with it's lovely mature garden and striking west facing facade. I am delighted that someone is willing to invest a great deal of time and energy into sensitively upgrading this building that is clearly in need of repair. The scheme offers the potential to upgrade the uncharacteristic flat roof as well as removing the unsightly pipework from the front. While I can recognise a reluctance by some not to want to change anything about this house, there is a real opportunity to better preserve it's finer details for many years to come. I've looked through the thorough historic report and feel the applicants have a developed an understanding and appreciation of how this building has developed over time. I would like to support the proposal and look forward to seeing the plans being realised, yours sincerely, Sarah Gavron</p>
