2017/2882/T	Duerte Adebwo	1.3 Ornan Court London NW3	13/06/2017 21:55:13	COMMNT	<p>We object tree removal here. The tree may be a little disease but it is beautiful and not near dead today. If later it is danger or dead it can be removed.</p> <p>We think maybe it to be removed because landlord is to excavate for new flats and tree of roots in obstructive. We like to have trees in Belsize Park. Perhaps can try to save tree anyway as distruction is not necessary.</p>
