Midland Goods Shed and Handyside Canopies, Wharf Road, London, N1C 4BZ

Design & Access Statement

Introduction

The site is split over 2 areas, East Handyside Canopy and the first floor of Midland Goods Shed. The buildings fall under the Listing of the Granary building complex, which holds Grade II listed status.

The buildings include varied Victorian characters of robust brickwork, cast iron structures, cavernous spaces, and both delicate and modern roof trusses.

Access is via obtained from both north and south entrances to the building. The southern Entrance - 4 Wharf Road, London, N1C 4BZ and the northern Entrance - 7 Handyside Street, London, N1C 4DA

Design Proposals

The two items listed below are being installed for our Client who has taken occupancy of the building this month.

Satellite Dish – The dish has been installed in an existing roof top plant enclosure. The dish is not visible from surrounds.

Signage – Illuminated signage (Client Logo) is being installed within the building, inside the glazing above main entry doors. This will be visible from externally. The signage location was previously approved.
