The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies, and Policy D1 of the Camden Local Plan Submission Draft 2017.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed extension at the rear of the property shall be a subservient addition constructed in brick with timber framed glazed sliding doors. The design is considered appropriate for the style of the host building.

The modest sized 3m deep, 2.8m high rear extension does not cause unreasonable harm to neighbours amenity in terms of daylight or privacy.

Public consultation was undertaken by placement of a site notice. No objections have been received prior to making this decision. The site's planning history was taken into account in coming to this decision.

As such, the proposed development is in general accordance with policies CS5 and CS14 of the London Borough of Camden Local Development Framework Core Strategy, policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies and policies A1 and D1 of the London Borough of Camden Draft Local Plan Submission Draft 2016. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.

- 2 The emerging Camden Local Plan is reaching the final stages of its public examination. Consultation on proposed modifications to the Submission Draft Local Plan began on 30 January and ends on 13 March 2017. The modifications have been proposed in response to Inspector's comments during the examination and seek to ensure that the Inspector can find the plan 'sound' subject to the modifications being made to the Plan. The Local Plan at this stage is a material

consideration in decision making, but pending publication of the Inspector's report into the examination only has limited weight.
