SHE BOX
All drawings and specifications are to be read in conjunction with CDM drawings, which locate and identify all significant, unique or unusual risk items, over and above those normally associated with relevant standard construction activities.
It is assumed all works will be carried out by a competent contractor, and where appropriate to an approved method statement.

NOTE

When this drawing is issued in uncontrolled CAD format it will be accompanied by PDF version and it is issued to enable the recipient to prepare their own documents (models / drawings for which they are solely responsible). The recipient should report all drawing errors, omissions and discrepancies to the architect. All dimensions should be checked on site by the contractor and such dimensions shall be the contractor's responsibility.
