2017/2743/P	R D and C D Buchanan	54 Camden Square NW1 9XE NW1 9XE	28/06/2017 15:32:00	OBJEMPER	We strongly object to this application. Camden Square is in a Conservation Area. Altering a front garden to form a space for car parking is contrary to the Conservation Area guidelines. A similar alteration to a front garden in the same stretch of road was carried out before the Conservation Area was set up, and therefore should not be considered to have set a precedent. The front gardens should be retained for what they were originally designed for - as gardens.
