Proposal	Construction of a single storey rear extension to dwelling (Class C3).
Objection	Yes
Comment	Yes
Observations	<p>We have reviewed this application as well as the supporting information at our committee meeting. Whilst we don't object to the principle of an extension, we did not feel that the information supplied was sufficient to assess the quality of the proposal, and could therefore not rule out any harmful effects on the conservation area.</p> <p>We would be very happy to consult with the applicant and/or review additional information such as information on the existing rear garden, the proposed rear garden, proposed materials of extension (including images), key details etc. in the future. Please see application 2014/4099/P as an exemplar application for a similar extension within our conservation area.</p>
