My enquiry is

Dear Sir / Madame,
I must be missing something on this matter, but, call me old-fashioned, I was of the impression that a planning application had to be submitted before the proposed work not 3 months after it was finished and one year and 3 months after it was supposed to be finished. In hindsight, with 20/20 vision every single resident of Waxham would have objected to this. The entire 'better homes' scheme at Waxham descended into debacle within weeks of the dysfunctional Keepmoat company starting. I think a visit to the Law Center is called for because as I understand it, it is possible that Camden has broken the Law and I am not the only resident that would like to have their homes reverted to the original state
