TO: Members of the Planning Committee.

I understand you will be meeting on 6th July to discuss this application, and that your officers recommend acceptance.

Rather than allowing an application that simply allows developers to maximise their square meters and retains merely elements of an important building, I would ask that you will look again, carefully, at what is still in place and what can easily be retained as part of a wider development.

You have the chance to ask the officers to look at this again, with the remit of keeping as much as possible of the workhouse buildings.
