Hello David,

I received your letter dated 30 June 2017 regarding the amendment to the Town Hall planning, I strongly object to the hotel developer's extension of the roof terrace to face Argyle or Tonbridge Street. As very close neighbours, who cherish the quiet of our residential area, I feel that this would affect us hugely. We and other families are sheltered from the noise of Euston Road and inhabit a small enclave of quiet with a wonderful community spirit. The noise from the roof terrace would travel straight to us. Like many others in the street we have small children and especially in summer when the windows need to be open to keep it cool they will not be able to sleep.

When this planning application initially went through we were assured that the residents would be considered and protected. Granting this would achieve the opposite.

Best wishes,

Kate
