Product Characteristics

Colour	Pale yellow	
Form	Liquid	
Specific Gravity	1.06 approximately	
Composition	9.8% Hydrochloric Acid (HCl) solution	
Product Code	365605	2.5 Litre x 6
	365599	5 Litre x 4
Shelf life/storage	Two years from date of manufacture when stored in original unopened containers in a cool, dry place within the temperature range +5°C to +25°C and out of direct sunlight. PROTECT FROM FROST	

Typical Performance Data (approx.)

Coverage	3 - 5m ² /litre, approx.
----------	-------------------------------------

Directions for use

IMPORTANT

Before using Cementone Brick & Patio Cleaner refer to the relevant Health & Safety Data Sheet. Available at www.bostik.co.uk named as the code above.

Brick, Patios & Concrete

Preparation

1. Dilute as necessary and test on a small concealed area before use.
2. Dampen surface with plenty of water.

Application

1. Apply Cementone Brick & Patio Cleaner with a soft brush or spray.
2. If spraying, take care that spray is not blown onto other surfaces.
3. Leave for up to 30 minutes then brush stain with a stiff brush. Wash down the area with plenty of water before the product fully dries.
4. Repeat procedure if necessary.
5. When used on pigmented concrete - some colour loss may occur.

Terrazzo & Lime Silica Bricks

Preparation

1. Dilute 1 part Brick & Patio Cleaner to 3 parts water.
2. Test on a small concealed area. If there is any indication that the acid is attacking the surface, wash off with plenty of water immediately.
3. A weaker solution may be tried. Proceed as above.

Date: 12 October 2012

Information Sheet No.: TDS00497

Mix ratios (by volume)

General Use:	1 parts Patio Cleaner to 2 part water
Severe Staining:	Undiluted
Terrazzo, Marble, Lime Silica Bricks, Limestone:	1 part Patio Cleaner to 3 parts water or weaker

Cleaning

1. Clean tools and equipment immediately after use with water.
2. Clean at least twice to remove any last residues.

Precautions in Use

Transport in an upright position, secured from tipping over. Store securely in the boot, not in the passenger compartment. Always store near the ground on a firm flat surface, in a safe position. Take care when using on metal surfaces as the acid may damage them. Always wash off excess thoroughly. The product works by chemical reaction and is often accompanied by 'fizzing'. Washing off the residue is best done soon after the 'fizzing' ceases. When removing spots of lime, lime-scale or cement it is best to apply the product only where needed.

For health and safety instruction, first aid measures and spillage and disposal instructions, see separate Health and Safety Data sheet for Cementone Brick & Patio Cleaner.

This disclaimer is issued by Bostik Limited ("the Company") and applies to the use of any products supplied by the Company ("the Products") displayed on this Technical Data Sheet ("TDS"). Please read this disclaimer carefully before using any of the Products. Using this TDS and/or the Product constitutes your acceptance of this disclaimer. Its contents shall prevail over any directions of use and any disclaimer and/or exclusion or limitation of liability of the Company which may appear on the packaging of the Products.

This disclaimer sets out the entire financial liability of the Company (including any liability for the acts or omissions of its employees, agents and sub-contractors) to any user of the Products ("Product User") in respect of any use made or resale by the Product User, of any of the Products in this TDS.

This disclaimer does not affect the Company's liability for death or personal injury arising from the Company's negligence in respect of the Products, nor its liability for fraud, or fraudulent misrepresentation, nor any other liability which cannot be excluded or limited under applicable law.

The Company's total liability however arising and whether caused by tort (including negligence and breach of statutory duty), breach of contract or otherwise, arising in connection with the use made or resale by the Product User of any of the Products in this TDS shall be limited to the price paid for the Product by the Product User.

The Company shall not be liable to the Product User for any pure economic loss, loss of profit, loss of business, depletion of goodwill or otherwise, in each case whether direct, indirect or consequential, or any claims (including in respect of personal injury insofar as not caused by the Company's negligence) for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the use made or resale by the Product User of any of the Products in this TDS.

The Company shall not be liable to the Product User in relation to any loss for any use which is inappropriate or use which is otherwise than in accordance with the relevant instructions for use of the Products in this TDS or on the Product. Product Users are advised to confirm the suitability of the Products by their own tests.

This TDS covers just one of a large range of products supplied by the Company.

Full information on these products and advice on application is freely available from our fully trained staff throughout the country. In addition, specialist technical advice is available from our Technical Services Department. This TDS supersedes all previous TDSs relating to the Products, and users of it must ensure that it is the current issue. Destroy all previous TDS, and if in any doubt, contact the Company, quoting the code number in the top right hand corner on the front of this document.
