Dear Sir/Madam,

re: Planning application 2017/3253/P  
1 Ardwick Road, London, NW2 2BX

I wish to register my objection to the recent proposed alteration to the original planning permission for this property.

The installation of the proposed extra dormer windows will directly impinge on the privacy of my house, patio and garden which is completely unacceptable to me and my family.

I have consulted with my neighbours who will be affected by this planning proposal and we all have the same objection. Therefore we appeal to you to rule against this new altered planning proposal.

Yours faithfully,

Adrian Naftalin
