2017/2659/P	Ronald Weisz	456a Bury Road Salford	10/07/2017 10:06:42	SUPPEMAI L	I support this application and it should be approved. It is ridiculous that a useful high quality accommodation should be left empty to rot away because of stupid council policies. This accommodation could be usefully used to house one or two unfortunate residents who are homeless following the tragedy at Glenfell Tower and the now Camden Council owned Chalcot Square block. BE SENSIBLE. Stop your pathetic red tape!!
2017/2659/P	Trifot	148 F Camden Street	09/07/2017 14:04:11	COMMNT	I have lived in the flat since October 2016, and like it. I would love to stay 90 days longer after 30th of September as I have nowhere to go. I support the application and I hope I will the permission to stay longer.
2017/2659/P	Sammy	4b Hillcrest Avenue London NW11 0EN	07/07/2017 16:04:25	SUPPRT	I support this application and it should be approved. The existing use on the application is misleading. It should in fact state that the existing use is NIL as after 30th September it will have a NIL use as it will be illegal to use the premises as residential C3. Therefore instead of the premises remaining empty forever, the proposed short let use should be welcomed as the Council's policy welcomes visitor accommodation near the Camden Town centre.
