2017/3214/P	Dr Dr Anton Obholzer	40 Well Walk NW3 2HS NW3 2HS	06/07/2017 09:12:58	OBJ	I would like to strongly object to this development. In this part of Well Walk we've had a large number of problems with underground water, both from the Well and also from Thames Water pipes. This development is likely to create further disturbance and subsidence of adjoining properties. I also object on the grounds of the noise and traffic disturbance likely to be caused as I am at home most days this will greatly reduce my quality of life.
