Good morning,

Thank you for sending me the noise report.

The report confirms the unbearable noise the residents of Rossetti Court have to endure day and night due to equipment already in place, however it feels like the report - paid for I presume by the applicant, is saying that as there is already so much noise the additional 6 units won't make any difference. I disagree, if you have 4 cars parked outside your home with their engines idling causing noise and pollution it would be wrong to say if you added another 6 cars with engines idling this would make no difference.

Therefore my original objections still stands.

Kind regards,

Neville Payne
