**3. Description of the Proposal**

Please describe the proposed works:

Dear Planning Team, we are requesting listed building consent for 18 Redman House for which we are the current leaseholders. Details of the proposed works are as follows:

We plan to fit a compact shower into the existing toilet room as shown in document attached.

We need to drill a bore hole for the shower ventilation to the outside wall. See attached 'Doc 1'. We note that many bore holes for shower ventilations already exist on this grade 2 listed estate and we have included one example seen on Scrope Buildings.

To make room for the compact shower, we also propose to make minor alterations in moving the existing door opening to the right. See attached 'Doc 2'.

We hope that we can attach the documents during this online application process.

We have a builder who has agreed that this work is possible if planning is agreed.

We look forward to hearing from you.

Kind regards

Sue and Paul Roberts
