

*Helga B.Hope*  
225 Goldhurst Terrace London NW 6 3EP

To whom it may concern,

I Mrs Helga Hope owner of Groundfloor Flat 225 Goldhurst Terrace NW6 3 EP am writing to you in support of Mr.Robert Gold's 229 Goldhurst Terrace application to pollard/prune his extremely large tree in his garden.

The reason being the tree has increased in growth enormously in the last couple of Years and indeed has become an enormous problem over the period I have lived in Goldhurst Terrace and become a great nuisance.

It reduces the light and worst of all in the autumn the leaves cause blockages in the Gutters for the whole house, and covers the garden and also the front, which not only is costly to remove and also dangerous for me as I am disabled and can easily fall when the leaves are wet!

I would therefore ask you to allow the extra pruning of the plane tree at 229 Goldhurst Terrace in excess of 50% which I have been informed will alleviate the problem for several years and not be detrimental to long term re-growth.

Kind regards

Helga Hope
