2016/7150/P	Sophie van den Abeele	67a Marlborough Mansions, Cannon Hill NW6 1JT NW6 1JT	18/07/2017 16:32:57	COMMNT	<p>I strongly object to the Application (2016/7150/P) on the following grounds:</p> <ul style="list-style-type: none"> <li>• The proposed wall is oversized, the pillars are too high, they darken the road, reducing light to basement flats, which affects us directly.</li> <li>• Hedge removal also removes pollution protection, and we are already dealing with an asthmatic child.</li> <li>• Behind the railings already constructed prior to planning permission being applied for, the hedges have not grown back as claimed.</li> <li>• The proposal involves the destruction of mature hedges.</li> <li>• The beauty of the roads will be affected, in contravention of the Council's own guidance (see West End Green Conservation Area appraisal and Management Strategy 28.2.2011).</li> <li>• Non-street level views of the gardens and hedges, e.g. from residents' windows, have not been taken into account.</li> <li>• The Council has planted more trees on these roads to help reduce flood risk, so taking out metres and metres of hedges will increase the risk.</li> <li>• Council consultation has been very limited; placing notices on just a few lamp posts is inadequate and elderly and disabled residents are unlikely to see them.</li> </ul> <p>Online consultation is not accessible to many older and disabled residents. I trust you will take these significant objections into account and refuse planning permission On a more personal note the construction will increase the noise pollution, being on a basement flat we will be affected directly by it, which will increase the level of stress and potentially disrupt my daughter and soon to be born soon sleep. I trust you will take these significant objections into account and refuse planning permission</p>
2016/7150/P	David Stansell	8 Avenue Mansions Finchley Road NW3 7AU NW3 7AU	18/07/2017 17:45:10	OBJ	<p>This is a completely unnecessary development and will negatively impact the visual aspect of the properties in the area as well as reducing the level of natural light available to basement properties. There is absolutely nothing wrong with the current walls and railings. And as they are not brand new they blend in well with the frontage of the turn of the properties which themselves were built over 100 years ago. As I live and own one of the properties impacted by this development (8 Avenue Mansions), I consider myself an affected party.</p> <p>Consequently, I would like to place on formal record my objection to this planning application.</p>
