2017/3014/P	Jeremy parkin	72 Marquis road Camden town London NW1 9ub	14/07/2017 10:23:13	AMEND	A roof terrace is used for party's and BBQs, a substitute space for garden area now enclosed by an extension. No amount of trellis can muffle the noise created by such an area. Unless a green roof is stipulated this will become a problem for neighbours. I live next to an illegal roof terrace across the road and have to move to another room in the house to sleep when it's an all to frequent party night.
