Dear Evelyn Jones,

I have tried to connect with Camden's Planning Website but it appears to be down. I wish to support the protest by Caroline Jill Turner, of 32 King Henry's Road, regarding the proposed development of the garden flat at 34 King Henry's Road, a development so out of sympathy with the character of the neighbourhood. It is quite appalling how permission has been given to the many people who have been inappropriately developing their houses in the Primrose Hill area. Please will you, who are in a position to halt such self-interested, disruptive and incompatible developments, please deny this further requested blight.

Yours sincerely,

Penny Wesson
