Dear Evelyn

I have just this morning become aware of the planned work at 34a King Henrys Rd. We used to be made aware of this work by letter, I live over the road at 47A. This seems an excessive amount of development which will cause significant disturbance for over a year, I understand the occupants are moving out for a year to avoid that while we are forced to live through it. I have not had a chance to study the planning application as your website is down but understand that it does seem contrary to some of Camden's requirements. Can I please then lodge an objection and be kept aware of any changes.

Regards
Stuart Cathcart
