Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Householder Application Granted

Address:
**20 Achilles Road
LONDON
NW6 1EA**

Proposal:
Erection of a single storey side / rear extension. Replacement of roof tiles. Replacement of all single glazed timber sash windows with double glazed timber sash windows. Reinstating the original roof over the front bay window.

Drawing Nos: 475.200.HH.01, 475.200.HH.02, 475.100.HH.01, 475.100.HH.02, 475.100.HH.03, 475.100.HH.04, 475.100.HH.05 Rev A, and 475.100.HH.06 Rev A.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans: 475.200.HH.01, 475.200.HH.02, 475.100.HH.01, 475.100.HH.02, 475.100.HH.03, 475.100.HH.04, 475.100.HH.05 Rev A, and 475.100.HH.06 Rev A.

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed single storey side/rear extension is subordinate in terms of form, scale and proportions. It would retain a reasonable proportion of the garden and would not extend beyond the existing conservatory rear building line. The location of the extension at the rear of the building would mean it has no impact on the streetscene as it would not be visible from the public realm. The reinstatement of the original roof over the front bay window is appropriate as it re-establishes an original architectural element that is still present on a number of neighbouring properties therefore restoring uniformity within the streetscene. The replacement of roof tiles and of all single glazed timber sash windows with double glazed timber sash windows is also appropriate as they are minor alterations which will improve the general appearance of the host dwelling.

Whilst the development will have some impact in terms of sense of enclosure to the adjoining property at no. 22 Achilles Road. Due to the proposed extension's height being limited to 2.5 metres, there would be negligible harm to the amenity of any adjoining residential occupiers in terms of loss of light, outlook or privacy.

No objections have been received. The site's planning history was taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies Policy A1 (Managing the impact of development) and Policy D1 (Design) of the Camden Local Plan 2017.
