Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Approval of Details (Listed Building) Granted

Address:
51 Sidmouth Street
London
WC1H 8JX

Proposal: Details of windows required by condition 4 of listed building consent 2017/1559/L granted 12/05/2017 (for: Replacement of existing windows to rear elevation with timber double glazed casement windows; removal of existing French doors at rear lower ground floor level and replacement with a double-glazed casement window).

Drawing Nos: 0345_a_1403.

The Council has considered your application and decided to grant Approval of Details (Listed Building) subject to the following condition(s):

Informative(s):

1 Reasons for granting listed building consent:

The current application relates to details of proposed new windows, required by condition 4 of listed building consent 2017/1559/L granted 12/05/2017. The design of the proposed casement windows represents an improvement to the existing aluminium windows due to the use of timber and the care to match the wifth and

proportions of glazing bars on adjacent properties. The use of double glazing is considered to be appropriate in this instance due to the extensive post-war reconstruction of the house. The proposals are considered to preserve the special interest of the Grade II listed building.

Public consultation was undertaken by way of a press and site notice. No objections were received prior to making this decision. The site's planning history has been taken into account when making this decision.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

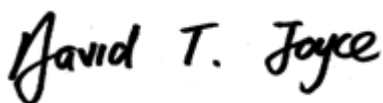

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
