2017/2874/P	Adam Phillips	145 St Pancras Way Camden London	18/07/2017 17:33:41	NOBJ	<p>To whom it may concern,</p> <p>As a resident of St Pancras Way i would love to see this property being converted from its existing use of a barber shop.</p> <p>This is due to the current occupants of said shop encouraging anti social behavior - especially on my street. The occupants friends are always parking their cars along our street where the proceed to "hang out" smoke weed, and at times urinate. This has been a constant issue for a long time. This behavior has especially caused a trend in other drug users (crack addicts) and dealers to frequent our street thinking that this is appropriate.</p> <p>I would also be quite happy to see a local fish and chippy restaurant in this location as there aren't any others in close proximity.</p> <p>Thanks,</p> <p>AP</p>

There's not much to eat around the area and the popular local places are at least 10/15 minutes walk away. I think the local residents will respond well to it.</p>
