2017/3495/P	Russell Tait	Blackfriars Sissinghurst Road Biddenden Ashford kent	23/07/2017 10:55:29	NOBJ	The rear of the building is a hodge podge of windows, some UPVC, which probably have been put in without permission, so there can be no objection to the application, especially as the council did not require a planning application for a set of windows on the front elevation which are a different profile from every other window in the block.
