2016/7088/P	A Graham	23 Rochester Sq NW1 9SA NW1 9SA	25/07/2017 09:52:25	COMMNT	<p>This has been a local landmark and a place of worship for the Spiritualist movement since 1926.</p> <p>It is a building both inside and out that is of architectural significance.</p> <p>Like the approved proposal outside the Talacre Centre, and the approved proposal for the "cinema space" on Kentish Town High Street (wrapped in scaffolding after demolishing the beautiful interior), and the approved proposal for the Old Castle pub on Kentish Town High Street (wrapped in scaffolding for years, saved by local historian Gillian Tindall), this proposal for a community space is another formulaic exercise by developers to manage the process.</p>
