Dear Sirs

RE: Planning Reference No: 2017/3692/P - The Water House, Millfield Lane, London N6 6HQ

I refer to the planning application for the above named property; I have reviewed this application and having lived in Fitzroy Park since 1987 I consider this a really good piece of architecture and bearing in mind the complications of this site I think that the owner and his team have worked really well in resolving these issues and I whole heartedly support this planning application.

Yours faithfully

GEOFFREY SPRINGER
