Dear Sir,

Knowing the previous history of applications for the development of this site, and having now studied carefully the present proposals, I would like to give my support to what appears to be an extremely well-thought out and much more modest plan drawn up by the present owners, (who also plan to live there). Along with this practical and imaginative plan, they have also taken into account the concerns of other users of the access area. In my own case I am a daily swimmer at 7am at the Ladies' Pond, and appreciate the intention for careful management of construction vehicles down the lane. I very much appreciate the owners' desire to work with the community as they plan their future home, and I hope they are successful in this application.

Your sincerely,  
Ruth Edwards
