First Name Susan
Name Roberts
My enquiry is Dear Ward Housing Team

We are requesting permission to carry out small internal works to our property for which we are the leaseholders of a Camden Council Flat.

We have established that we do not need planning permission from Tony Young at Camden Planning but we do need listed building consent, which we have applied for:

Tony Young - Planning Technician

Regeneration and Planning

Culture and Environment Directorate
London Borough of Camden
2nd Floor, 5 Pancras Square London N1C 4NG
Tel.: 0207 974 2687
Fax: 0207 974 1680

We have been made aware by Tony that we need to request permission to carry out the works, which are simple.

We are installing a shower into the toilet and are seeking Listed Building Consent for the ventilation unit to be fitted from the internal wall through to the external wall. The vent on the outside will be cream in colour and match the existing paint and render. There are other vents on different flats throughout the estate, the same as the one we are proposing.

We are also proposing to move the doorway to the shower room by approximately 300mm to the right in order to allow room for the shower itself. We also plan to fit a frameless sliding glass door in place of the current door in order to maximise space and allow for the shower to be possible.

We have a range of documents available to show you that we have already submitted to Tony and we are going to

Customer

complete this shortly with scaled drawings etc. We have attached for you here, the amended ownership statement. Can you tell us what you require in order to give your permission. For example, would you like us to submit all documentation to you, that we are submitting to Tony for listed building consent. If yes, can you please provide us with an alternative email address as having just tried to upload, the documents were too large.

We look forward to hearing from you.

Kind regards

Sue and Paul Roberts
