Subject: 100 Avenue Road Application 2017/4036/P S96A Non-material amendment application

Dear Sir,
I wish to object to this in the strongest possible terms.
I am particularly exercised by the application to change 'excess' hallways, in order to increase the size of units.
I understand the Fire Brigade has NOT been consulted on this, and in a tower with only one stairwell, it makes for potentially dangerous evacuation problems, which in the context of the Grenfell tower disaster, are horribly alarming, and constitute a material change.
Yours faithfully
Jane Johnson
