**Subject:** 100 AVENUE ROAD, SWISS COTTAGE, NW3 3HF APPLICATION REF: 2017/4036/P  
S96A NON-MATERIAL AMENDMENT APPLICATION

Dear Mr McClue,

I wish to object to the following application:

**100 AVENUE ROAD, SWISS COTTAGE, NW3 3HF APPLICATION REF:  
[2017/4036/P](#) S96A NON-MATERIAL AMENDMENT APPLICATION**

The details included in this application clearly constitute material amendments to the existing planning permission and should be rejected on grounds of health and safety.

In the light of recent events, including the fire and loss of life at the Grenfell Tower, I am very concerned about the following:

1. There are proposed changes to the internal floor-plans which appear to use 'excess' hallways to increase unit size. This results in a dangerous reduction in hallway space, particularly within the tower. **It appears that London Fire Brigade have not been consulted on this change.**

Of

particular concern

is

that in a tower designed with only one stairwell, reducing the hall space still further increases the problems of an evacuation. This is a material change.

2. Furthermore, I am concerned about changes to the glazing, the 'means of opening windows' and the 'positioning of the balconies'. Without assurances from London Fire Brigade on the new window opening arrangements and their impact on fire safety in a tower designed with only one stairwell, these changes could impact on fire safety. ***This is a material change.***

Yours sincerely,

Alice Lovell
