Subject: Proposed showing large bay window to the rear terrace of 5 DG
Attachments: WebPage.pdf; ATT00001.htm

Further , the proposed plans show a large bay window to the rear terrace of no Daleham Mews and this cannot be allowed on conservation and amenity grounds

In this Application Camden must not worsen anything that is existing and insist that current conservation and amenity rules be used on all parts of the "development" to mitigate the current abuse of neighbour amenity through overlooking

Richard Fletcher
