Dear Charles,

I am writing regarding the plans at the following address:

The Water House, Millfield Lane, London N6 6HQ

Reference number: 2017/3692/P

Please find my comments below:

The proposals are modest, well designed and in-proportion to the original house. Millfield Lane has a special character, and I have direct access to it from my house, but I'm confident that whilst there will be some disruption during construction, this will be kept to a minimum given the relatively small scale nature of the proposals. I'm also pleased to see the plans for the garden to be restored and enhanced, and that no trees will be lost. The house has been in disrepair for a considerable period of time and these plans will improve the overall environment. I support the proposals, and trust planning permission will be granted.

Best regards

Daniel Levy
