Informative(s):

1 Reasons for granting

This application seeks to make changes to planning permission 2015/3109/P, dated 14/03/2016 (as amended by 2017/2199/P, dated 26/04/2017). It is proposed to alter the rear-facing fenestration at first floor level (omit a window and widen the door to access the roof terrace), and to add a roof light to the flat roof above the first floor rear projection.

The proposed changes would have minimal impact on the character and appearance of the host building, and would not be visible in the public realm as they relate to the rear of the building.

It is not considered that the proposed changes would impact on the visual and residential amenities of neighbouring and nearby residential properties.

Overall, it is not considered that the proposed amendments would have any material impact on the approved development. The proposed changes would not conflict with any development plan policies or guidance and there would be no conflict with any other conditions attached to the permission.

The full impact of the scheme has already been assessed by virtue of the original approval, dated 14/03/2016, under planning reference 2015/3109/P. In the context of the approved scheme, it is considered that the changes are relatively minor and can therefore be regarded as a non-material variation of the approved scheme.

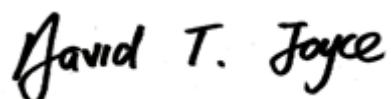

The proposed development is in general accordance with Policies A1 and D1 of the Camden Local Plan 2017. The proposed development also accords with the Fortune Green and West Hampstead Neighbourhood Plan 2015; the London Plan 2016; and the provisions of the National Planning Policy Framework 2012.

2 You are advised that this decision relates only to the changes highlighted on the plans and set out in the description and on the application form and shall only be read in the context of the substantive permission granted on 14/03/2016 under

reference number 2015/3109/P and is bound by all the conditions attached to that permission.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Yours faithfully
