To whom it may concern

I am writing to object to Planning Application No: 2017/0969/P at Henderson Court. The array of phone transmitters will be sited opposite our house at a distance of about 30m and as the health implications of this are as yet unknown, I do not want any residents exposed to the risk. I also object on the grounds that the proposed railing that will run around the equipment will drastically alter the view from the top two floors of our property and is certainly not in keeping with any surrounding architecture. Finally, I was only told of this application by a neighbour as I did not pass the end of the street where one notice was attached to a lamppost and would have been totally unaware of the plans as no letter was put through our door.

Yours Sincerely

Dan O'Dwyer (12 Prince Arthur Road.)
