2017/3900/P	Mrs J Hirsch	3 Oak Hill Lodge	28/07/2017 15:30:37	COMMEM AIL	<p>I strongly object to the over development of this site. This will severely impact the quite enjoyment of Oak Hill Lodge's rear garden due to noise of sauna plant.</p> <p>The building of the foundations for these two buildings will impact on the mature and protected trees abutting the proposed development.</p> <p>The right of access is not suitable for the large lorries needed to build this and further excavation will alter the water table which has already been disturbed. Our back garden abutting the proposed construction has suffered already with the building of Kebony and further development will make this worse.</p>
