The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 1310MR_FUL: SH8 C, 1310MR_FUL: SH9 C, 1310MR_FUL: SH10 C, 1310MR_FUL: SH11 C, 1310MR_FUL: SH12 C, 1310MR_FUL: SH13 C, 1310MR_FUL: SH1, 1310MR_FUL: SH2, 1310MR_FUL: SH3, 1310MR_FUL: SH4, 1310MR_FUL: SH5, 1310MR_FUL: SH6

Reason:

For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The installation of conservation type roof lights to the front and side roof slopes, and flat roof maintenance hatch, represent minor alterations that would not have a significant impact on the character and appearance of the host dwelling. Similarly, the lowering of the first floor rear window cill would create an opening in keeping with the fenestration pattern to the rear of the site and is considered acceptable.

The installation of iron railings above the existing front boundary walls at the site would not detract from the appearance of the host dwelling and would be similar to the boundary treatments of neighbouring properties in the area, ensuring no significant harm would be caused to the character of the surrounding conservation area.

The proposed alterations would not have a significant impact on neighbouring amenity in terms of loss of light, outlook or privacy.

One comment was received following statutory consultation and duly taken into consideration prior to making this decision. The site's planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with Policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and National Planning Policy Framework.
