2017/3742/P	Mr Nicholas Haag	23 Grove Terrace NW5 1PL NW5 1PL	01/08/2017 20:32:31	NBJNOT	I am Co-Chair of the Grove Terrace Association. GTA notes this application from Mr+Mrs J. Lawrence. We emailed and consulted all residents of the Terrace on their views. The clear majority of residents who responded were either supportive of the application or felt it was not objectionable. We note and appreciate Mr+Mrs Lawrence's accommodation of some feedback from residents which has been reflected in the shape of the final submitted planning application. Some small number of reservations were still expressed about the principle of varying the structure and fabric of these historic houses. It is the policy of GTA to comment to Camden on significant planning applications in the Terrace and thus we would wish to register to Camden that the GTA, whilst acknowledging some differences of opinion, has no fundamental objection to this application being granted if this is your determination.
