| 2016/7088/P | Theresa Andrew | 3 Whites Quay Dalgety Bay | 03/08/2017 13:15:43 | OBJ | This Spiritualist Church is of historic significance. It was created with financial assistance from Sir Arthur Conan Doyle and thus I believe should be preserved. |
| 2016/7088/P | Tammie Lee | 12 Brickett Close Ruislip Middlesex HA4 7YE | 04/08/2017 02:19:21 | OBJ | I am devastated at the thought that there are plans to knock down this beautiful and sacred building. Sir Arthur Conan Doyle was heavily involved with the Spiritualist faith there and thousands upon thousands of others have gained solace and support within its walls. Do not take away a piece of history with so much relevant modern usage. We need churches like this. |
| 2016/7088/P | Leo Bonomo | 6 Ford Lane Roxton MK44 3EJ MK44 3EJ | 04/08/2017 00:39:42 | OBJLETTE R | <p>Rochester Square is such an important building historically and is also important to the community.</p> <p>I myself have been privileged to have served that church many times. This church has been a cornerstone of the spiritualist movement from its wonderful inception and it is absolutely disgusting that those responsible have allowed and encouraged its decimation.</p> <p>It was and should be the hub of the community it serves, those such as Sir Arthur Conan Doyle and many others have lent historical importance to this building not only from the point of view of a spiritual connection.</p> <p>We must not allow the history of spiritualism to be wiped away from this place when so many need it and embrace this religion. There is no real need for this church to be demolished except that of greed, money and the subjugation of real spiritual needs.</p> <p>This is the decimation of an historical building and needs to be recognised as a special place, and should because of historical reference be recognised as such. This should be a protected place.</p> |

Do we really want to take this away from loyal residents and people further afield who travel here for guidance and on a lot of occasions peace. I thought this was a listed building so why would this be knocked down surely this is not aloud. Please consider this carefully I'm sure u can build your accommodation in some other location. There are a lot of individuals who have put there own time into this church without payment. This is out of love and commitment</p> |
| 2016/7088/P | Mrs Gwen Smith | 18 Byford House Bells Hill Barnet Herts EN5 2 tq | 03/08/2017 12:25:07 | APP | <p>I am appealing against this development because I feel it is a tragedy to replace this beautiful church which has served Camden Town for many years Arthur Conon Doyle being one of the people who helped this church. I as a medium have served this church many times and enjoyed the company of likeminded people. It is a beautiful building if it needs to be pulled down the the SNU needs to take responsibility and have another church built so people can attend but it looks as if this isnot going to happen. It is a disgrace and I am so upset to read about what is being planned here.</p> |

| 2016/7088/P | sherry wakeman | 13 Aylesborough Close Cambridge CB42HH | 03/08/2017 13:34:22 | PETITNOB JE | I wish to voice my objection to the sale and development of the Rochester Square Spiritualist Temple. as a member of the SNU, I strongly oppose the demolition of this Church that has stood in this place, a part of history never to be replaced. |
| 2016/7088/P | Michelle Craig | Flat 7 Camberley House Redhill Street Camden London NW1 4AU | 03/08/2017 10:12:21 | OBJLETTE R | This is a church with many years of important historical value and a much missed place of worship. This was the only place for many people to be able to worship in the area. I attended this church for many years and am heartbroken that it was closed and is to be demolished for posh flats. This is a religious building. This is a building steeped with historically religious importance. I am appalled and devastated that our church is being demolished because of selfish property developers. The new flats will not benefit the Camden community only the property developers as most Camden locals probably wouldn't be able to afford to buy a flat anyway. Please please reconsider allowing this beautiful building to be lost forever. Thank you. M Craig. |

In years to come most of London history won't be able to be known as it will be destroyed and replaced with new buildings. Think of the joy and knowledge we have today from finding old buildings. Please re- think and look further forward than our generations. |

Sir Arthur Conan Doyle supported this church because he knew of its importance in the community. |

| 2016/7088/P | Craig Hardy | Flat 1 193 Hylton Road Pallion Sunderland Tyne & Wear | 03/08/2017 16:34:57 | OBJ | To many this building is a beacon of light. And it holds much history and heritage for the religion of spiritualism and the local area. Many come to places like this in search of solace and comfort in there time of need i myself know that the demolition of such a building will bring pain and sorrow to many. |
| 2016/7088/P | Denise Shoult | 26 Doug Siddons Court | 03/08/2017 11:05:50 | APP | No this can't be allowed. Although I live in grays, the people who attend this church need their spiritual guidance and healing. You must not take this away from them. Progress is ok but not at the expense of a persons religion. |
| 2016/7088/P | Miriam Fitzgerald | 84 Churchview Road Killiney Co. Dublin A96 DN2 Ireland | 04/08/2017 07:41:15 | COMMNT | As a Spiritualist I find this grossly offensive. When a loved one is terminally ill or indeed when a loved one passes the need for a space to connect with them and indeed yourself is essential. Spiritualism is a progessive religion which enables people to Come to an understanding if the term known as death in a healthy and productive way. It is essential that this building given its location remains entact. People need a space to come to where they can connect with their loved ones where they can grieve but also come to an understanding of the process known as death and develop their understanding of their purpose in the process. Furthermore as a Spiritualist I find it essential in an ever changing world in the heart of the city that people have the space to do this in locations such as this. We serve a need in the community in the interest of the public for the interest of humanity not in the interest of property developers bank balances. I appeal to the higher needs and nature of man to rise above the baseness of greed and focus on the need for a space to allow people to grieve and to come to an understanding of life. |
| 2016/7088/P | Mrs V. Appleton | 52 Marina Avenue Motspur Park New Malden Surrey KT3 6NQ | 03/08/2017 17:41:06 | COMMEM PER | As a Spiritualist I object to the plans to demolish this religious building which is used regularly and is a temple. No other religion would be facing the demolition of their place of worship. Spiritualism is a recognised religion and is followed by many thousands and you should not be discriminating against it by proposing to demolish this temple of worship. |
