Dear Ms Feildsend,

With reference to our conversation last Friday regarding Planning Application 2017/3484/P.

I would like to confirm that we are concerned about the proposed balcony at the rear of the house.

We are anxious that such a balcony could prove be an intrusion in terms of noise and size - we hope you will take this view into consideration.

With thanks,  
Yours sincerely,

Mrs G Khan and Mr R Bloomstein
