2017/4029/P	J. Adye	3 Village Close Belsize Lane London	07/08/2017 10:31:03	INT	<p>There are no details about this application available on-line "due to copyright restrictions"; therefore how do I , an interested party and neighbour of this site, access the information about it?</p> <p>Is the application 1) for the removal of trees to the rear of the site or 2) to increase the scope of the original application for 7 accommodation units to 9 accommodation units? If it is 2) , then current building work, which is in its final stages now, has not been carried out with the appropriate permissions from Camden Council. Is this the case? I would be grateful for clarification .</p>
