2017/4133/L	Susan MacGregor	219 Albany Street NW1 4AB NW1 4AB	06/08/2017 09:51:17	INT	<p>My house (219 Albany St) is very close to both 12 and 13 Gloucester Gate Mews. Therefore all building works vehicles pass my house into the Mews via a very narrow cobbled road. The potential for traffic damage to my house and to 217 Albany St is considerable. I have already objected to previous applications for alterations to these listed Mews houses and repeat my objections: the houses are listed, the Mews are unique in Camden and the replacement Mews houses would be totally out of character.</p>
