2017/4181/P	Mrs Patricia Scott	8 gayton rd nw31tx nw31tx	04/08/2017 11:31:18	COMMNT	<p>Planning permission was not given for this structure and so to continue to build was clearly against local authority regulations.</p> <p>There is a history of permissions for similar applications being refused--- and so there has been no precedent for this sort of structure .</p> <p>As a conservation area this proves detrimental to the local environment as it is unsightly;a detriment to the visual amenities of the area.</p> <p>Moreover, this garden terrace invades the privacy of neighbours. This also raises the question of why the contractors continued to build this structure knowing that no building permit had been issued. . why di the building firm</p>
