2017/4029/P	M Michaelson	17 Belsize Lane	09/08/2017 10:34:06	COMMNT	<p>I find this application worrying:</p> <p>It could very well be retrospective as the building works appear to be in the finals stages.</p> <p>If they extend the rear building line, this will seriously impact on the neighbours at the back.</p> <p>If they remove trees, that is a serious environmental loss.</p> <p>If they remove trees, this will reduce privacy to houses at the rear.</p> <p>If they build 2 extra units, that would impact on residents' car parking availability on Belsize Lane.</p>
